

Sterling Series, Low Row

The sterling Series Low Row is designed to simulate the feel of using free weights in a safe environment. The soft leather cover on the upholstery of both the seat and chest ped provides ultimate comfort during use, and the adjustable seat height accommodates to users of all sizes. This machine focuses heavily on increasing back strength, primarily activating the latissimus dorsi and trapezius muscles, in addition to the posterior deltoids and biceps, making it an essential machine when training the upper body.

Adjustable Seat Height

Olympic Weight Horns

Heavy Duty Construction

Black Comfortable Pad

Technical Specification

| | |
|-------------------------|---|
| Rating | Commercial |
| Upholstery | Black, 60mm thick pads with industrial vinyl, thick plywood backing and 38mm foam |
| Tubing | 2.5-3mm by 50 x 100 square tubing, electro welded to maximum integrity |
| Loading Capacity | 300kg 660lbs |
| Product Weight | 167kg 369lbs |
| Dimensions | L 176 x W 146 x H 165 cm L 69 x W 57 x H 65 inches |

Key Features

- Robust and heavy construction
- Electro powder-coated and heat cured for superior durability
- Olympic weight horns fitted as standard for optimum storage capacity
- Low maintenance due to plate loading nature
- Application of advanced biomechanics ensures that the equipment follows the body's physiological movement
- High quality bearings for moving parts
